

State of the industry during COVID-19 restrictions – 14th April

Country	Lockdown restrictions	Government Support	MIA activity	Domestic Boat Shows
Australia	<p>Restrictions on the following places: pubs, registered and licenced clubs, hotels (excluding accommodation), gyms and indoor sporting venues, cinemas, entertainment venues, casinos, and night clubs. Restaurants and cafes will be restricted to takeaway and/or home delivery. Advice has now been strengthened reducing it to two persons in public spaces and other areas of gathering. However, each state can have slightly different laws and ways of endorsing this.</p>	<p>Many marinas pay a concession; rental or leasing fee to a government agency. To help reduce the financial stress and job losses at the marina these agencies can provide a temporary halt to the requirement to pay the fee for a given period of time. In North Queensland for example the government through the Port Authority has provided the Cairns marina with fee relief, with some fees halted until end 2023. The total value of the fee relief package for operators at the marinas is AU\$3m. (see https://www.portsnorth.com.au/news-publications/).Also, by providing relief to the marina operator, they are then in a better financial position to pass on fee relief to their tenants.</p> <p>Some States have now confirmed deferment of rents but details are yet to be provided.</p>	<p>Core activities include:</p> <ol style="list-style-type: none"> 1. Interpreting State and National Restrictions and State and Federal business support programs and communicating to members. 2. Representing industry interests in keeping marine industry open and access to industry services and associate limited boating activity consistent with social distancing. 3. Collaborating with other Industry associations to strengthen message 4. Development of graphical messaging to enable easy communication with members and stakeholders 5. Developing image and video content to be used as aspiration during period of restriction and motivational to engage in boating in recovery phase. 6. Developing and communicating mentoring 	<p>Existing Sanctuary Cove, Adelaide, Melbourne, Sydney and Brisbane Shows all cancelled for 2020.</p> <p>Contingency events being developed in case of early recovery before southern hemisphere 20/21 summer.</p>

			contacts and resources to support mental health and businesses in financial distress	
Brazil	<p>Brazil is on lockdown for non-essential sectors. Even football matches have been suspended. Yet, given the vastness of the country, measures vary according to regional peculiarities, the denser urban areas are being more restrictive, and the countryside more relaxed. While tourism activities, such as hotels, restaurants, air travel and services in general have been hit very hard, our farming sector (agriculture and livestock) hasn't been affected much so far. Some municipalities along the coast have taken drastic measures, suspending the operation permit of non-essential establishments, such as hotels and marinas.</p>		<p>In spite of a legitimate movement by some operators to keep marinas open, ACOBAR is preparing a statement recommending partial closure, but also stress the fact that most marinas already offer free space for emergency services, and those activities must keep running.</p>	<p>The Rio Boat Show which was planned for April has been postponed. The São Paulo edition is expected to take place in October, as originally planned.</p>
Canada	<p>Canada is on lockdown with all non-essential shops, bars and restaurants closed, as well as all facilities providing indoor recreational programs, public libraries, schools, child care centres; cinemas, theatres and concert halls.</p> <p>Since boating season has not begun in most parts of Canada there are not significant restrictions at this time. However, all national parks are closed for access land and water. In the province of Ontario marine servicing has been deemed essential.</p>	<p>The Federal government has announced some significant measures to help businesses in Canada. Nearly \$100 Billion dollars in relief which includes paying wages of staff of SMEs up to 75% up to \$58,000Cdn to keep their staff for the next three months. There are also additional employment insurance measures to support Canadians out of work.</p>		
Croatia	<p>Since 16th March all schools, universities, bars, restaurants, shops, public transport, banks, markets and all public events are stopped. Open are only supermarkets for</p>	<p>Croatian Government confirmed set of measures that are aimed at job protection and postponement or relief of taxes to aid the economy.</p>	<p>The charter business in Croatia is the most developed business worldwide, and together with Marinas and</p>	

	<p>food, pharmacies, post offices and petrol stations. All Marina receptions are closed and communication is online.</p> <p>It is allowed to work in the boatyards, services points and in the Marinas outside, but under distance and other protection rules. The authority's suggestion is to stay at home and not to go outside except going to work or some other justified reason, and only with a special permission document, issued from authorities by company manager or another responsible person.</p> <p>Access to all islands is prohibited except for those living on the island, for deliveries, and some special reasons but with a special permission issued by local authorities and under Police strictly controlled access to the Island in Ferryboat harbours. It is not allowed to sail with the boat except the professional's fisherman boats. Ferryboats are operating to the Islands in very reduced timeline, with only 4-5 lines per day.</p> <p>Maintenance services make the majority of the nautical sector business. A significant drop of income is expected within the charter industry of more than 80 %.</p>	<ul style="list-style-type: none"> •The amount of 1.14 bn Euro is dedicated for job retention in March, April, and May. In total, the Croatian government will pay approx. 700 Eur per employee per month. •All tax payers affected by this crisis will be fully or partially exempt from paying corporate income tax, payroll taxes and salary contributions due in April, May and June 2020. The companies with a drop in revenues between 20% to 50% will have the right to defer taxes and will be able to pay them in 24 monthly annuities with no interest. Businesses with revenue of less than 1 mil. Euro and with a drop in revenue higher than 50% will be fully exempted from corporate income tax, payroll taxes and salary contributions. •All financial loans and leasing contracts have been suspended for 3 months, with possibility to extend it to 6 or 12 months depending on the development of the situation •Payment of the value added tax might be deferred until the invoices issued are paid off. •The deadline for submission of the 2019 annual financial statements is postponed to 30 June and there is no obligation to pay a fee to the Financial Agency (FINA) for their publication. •In addition, the Government has launched Financial Agency's digital 	<p>To protect the business and helping them survive during these difficult times, additional to the regular support of the government to the entire industry, MIA made a proposal to the Government to provide support for Marinas, so they can offer significant discounts to the charter companies for the berths and other costs that they have to pay for their fleets.</p> <p>The idea is that government will automatically extend the existing maritime concession contracts, for the period of 5 years, without additional investments and expensive legal concession extension procedures. Also, the government will not charge the marinas with yearly payment of contracted concession fee amounts for the entire period until the market situation of the nautical sector returns to the ordinary course of business, before the COVID 19 pandemic.</p>	
--	---	--	---	--

		platform to help with the implementation of the Covid-19 measures. This platform enables submitting an application, collecting the information necessary for the decision making and creating a report.		
Finland	<p>Restaurants will be closed until May 31st (only take-away & delivery is possible)</p> <ul style="list-style-type: none"> -no lock-down, but people are encouraged to stay home and if going out they need to keep a distance (not much to do since all public places have been closed already for a while, including museums, libraries, sport facilities, etc) -over 10 people events forbidden until May 13th -Uusimaa region (Southern Finland around Helsinki metropolitan area) is closed from the rest of the country, which means that cross-border personal traffic is forbidden and crossing the Uusimaa border even for business purposes will have to be justified. -borders of Finland are closed and only returns home are possible. It is still ok to commute to work to Sweden or Norway, but this can change any day now <p>Boating is not forbidden as long as one doesn't cross Uusimaa border (or out of country). However, SAR official recommends not to go boating (the season has not started yet, so the situation is still calm).</p> <p>Boat makers are still manufacturing, but supply chain disturbances are starting to affect them and also consumers are reducing</p>	Government has promised support packages for businesses so they can keep people on the payroll. Support has also been promised for individual entrepreneurs, but there is a rush for the subsidies and it takes time to process the applications.	Finnboat has teamed up with other organisations who represent SME's in order to keep the message unified and focus on improving the local jobs situation.	Couple of local boat shows have been cancelled (Kuopio in March and Naantali in May). Finnboat May test-a-boat event is a question mark with the situation being monitored daily. The Helsinki Boat Afloat Show in August is planned to take place on 13-16 August 2020.

	<p>their activity while being encouraged to stay home.</p> <p>Finnish border guard has now decided that boats can be delivered only in lorries rather than using boat trailers.</p> <p>The Finnish border guard also recommends to restrict "cottage and boat life".</p>			
France	<p>All the shops, restaurants, cinemas, museums, public services, banks etc... are closed since the 17th March until 15th April. Everyone must stay confined at home. Gatherings are prohibited, you're not allowed to meet friends, walk in groups... and you must prevent any kind of contact by staying away from each other (minimum 1 meter). It is only permitted to leave your home for - medical reason, food shopping, work if your job cannot be done as working from home, to help vulnerable people like elderly parents or handicapped people, or to exercise (walking, running, dog walking) if you stay in a range of 1km from your home and for a maximum of 1 hour. When you leave home, you must take your ID with you and fill up each time a self-declaration form that you have to take with you. Controls are operated by the police. Access to the seashore, lakes, beaches, coastal footpaths, marinas, quays, slipways is strictly forbidden, as well as the practice of any kind of waterside activity (boating, even swimming, surfing, kayaking...). There's an exception if you leave along the sea or along the beach, you can stretch your legs opposite your house!</p>	<p>The French government has taken aid measures for both the businesses and the workers. Workers are encouraged to work from home, when possible, but some factories and businesses remain open with sanitary measures. Partial unemployment benefits are now granted to 5,8 million people at the national level (about 25% of the employees) as of 8 April. Freelance workers can also benefit from a monthly subsidy of Euro 1500. Additional measures have been taken to differ repayment of loans and taxes, with the participation of the banks. The regional council administrations are also involved in several actions of support.</p>	<p>An advocacy launched by FIN, FFPP and all the different French marinas associations, to foster a collective response to the Covid-19 consequences has been published on Friday, 10 April.</p> <p>All stakeholders from the marine industry have called for working in synergy to encourage the defence of the professional boating activities, while taking the necessary sanitary measures to fight the pandemic. It also aims to prepare the recovery of boating practice, and to ensure that everyone will be ready, as soon as possible, when the business will start to pick up.</p>	<p>GPO is working hard to prepare the next Grand Pavois de La Rochelle (29 September-4 October), while Cannes is still scheduled for 8-13 September.</p>

	The main boat factories are closed (Bénéteau, Jeanneau, Dufour, Catana, Fountaine-Pajot...) but some small boatyards on the coast doing boat repair and maintenance are still working with reduced capacity, due to the lack of spare parts and disturbed sourcing.			
Germany	<ul style="list-style-type: none"> •All business/shops except food, gas, pharmacy etc. are closed until April 19th. •Marinas are closed. Boats cannot be moved into the harbour. •In the public only people of one household or two persons are allowed to be together •In the marinas, sailingclubs etc. it is allowed to work on your boat with two persons. •Professionals are allowed to work on boats. •If boats are already in the marina (water) owners are not allowed to enter the boat. 	<p>Kurzarbeitergeld (Reduced hours compensation). A company is able to ask for support for salaries, if the coronavirus crisis is the reason for difficulties. The employee is payed 60% (without children), 67 % (with children) of the last net income by the government.</p> <p>Mostly the companies are paying in addition another 20 % of the loss. This scheme can be used for up to two years.</p> <ul style="list-style-type: none"> •Credits guaranteed by government are available. In the beginning in total 600 billion Euros. •Direct help. 50 billion Euros are given to small enterprises up to 10 employees, up to 15.000 Euros/company. This amount doesn't have to be paid back. •Taxes can be paid 3 month later. <p>Insurance for the employees can be paid 3 month later.</p> <ul style="list-style-type: none"> •All states have additional financial and fiscal help. 	The main goal is to open the marinas as soon as possible to get the season started.	Hamburg Ancora Yacht Festival, scheduled for June 5 – 7 is cancelled.
Greece	In Greece the number of people affected remains relatively low for now, compared to	A discussion has started with the Government regarding the mooring	Greek Marinas Association has requested from the State	

	<p>other European countries. The fast response of the Government with hard measures taken, has now proved as a successful proactive policy.</p>	<p>fees of the chartered/commercial boats which are currently moored/locked in the marinas. All charters or sails are forbidden in the Greek territory, so now the professional unions and associations are asking a 40-60% discount on the mooring fees for the next months. The State has already announced a 40% reduction of the rent for the commercial stores, restaurants, cafes, etc for the period being locked down.</p>	<p>proportional reductions on the marinas' concession fees.</p>	
Grenada	<p>An update from Port Louis Marina, Grenada - The Prime Minister has declared "Limited State of Emergency" in Grenada as of Wednesday 25th March 2020, starting 6.00 pm, for 21 days. Charlotte Fairhead, Marina Manager, is on site, and working with Marina & Yachting Association and Government each day. Grenada is now on a lock down for 7 day curfew as of the 30th March until 6th April.</p> <p>Port Louis Marina is now open from 9.00 am to 4.00 pm everyday with minimum required staff on site and of course 24h security is still in place. We have created WhatsApp groups with our different department so we can stay in constant contact and share information easily as most of our staff do not have emails. Berth holders receive updates via email as the situation develops. All tenants at the marina have now closed.</p>			
Hong Kong	<p>Due to increasing number of cases the Government has stepped up introducing stronger measures (limiting alcohol licenses</p>		<p>The HKBIA has been in contact with various charter associations and are</p>	<p>Both international and local boating & sailing events</p>

	<p>at bars & restaurants, and ordering the closure of sports clubs with private recreational leases). Several yacht clubs have closed due to the new government policies on PRL but access to boats are still open.</p> <p>According to a recent survey conducted by Hong Kong Boating Industry Association, a total of 71% of employees will be affected if the downturn persists.</p> <p>Cancellation of both international and local boating & sailing events has had a significant to moderate negative impact for three quarters of the companies in the industry.</p>		<p>collectively drafting a letter to seek for more support from the government.</p>	<p>have been cancelled so far.</p>
Hungary	<p>The government issued a lockdown (stay-at-home) for two weeks, starting on Saturday 28th March till 11th April, people in Hungary will only be allowed to leave their homes for "substantial reasons," though the list of these exceptions is rather extensive, ranging from grocery shopping to manicures.</p> <p>Since Hungary has no connection to the sea, only inland waterways, boating is allowed, but if you are not with your family members you must hold 1.5 meters distance. Owners can't live permanently on their boat as it is not a residence, only a recreational place.</p> <p>Effects on the marine Industry:</p> <ul style="list-style-type: none"> •all the customers who ordered sailing or power boat by the last Boat Show will be served, new customers stepped back and sales have stopped •orders in the shops have stopped but have increased online 	<p>Currently the Government is not offering any financial contribution to the marine industry and is not covering salaries to avoid job losses. Only sectors that were severely hit by the pandemic (tourism, restaurants, entertainment venues, sports, cultural services, transportation) will be contributed.</p>		<p>The first indoor Boat Show was held in Budapest end of February, all other boat shows, exhibition regardless indoor or on water has been postponed or cancelled.</p>

	<ul style="list-style-type: none"> •sailing school courses are postponed or cancelled •charter reservations have been cancelled for April, May, June, on sea 2020/2021 winter reservation are also stopped •charter on the sea (abroad: Croatia, Greece, Seychelles etc.) decreased •closing marinas is not mandatory but some of them decided restrictions, otherwise they declare it as a workplace. Working is limited, owners can only work on their boat, otherwise boat owners can visit their boat but limited •Hungarian Sailing Federation decided to postpone the regattas to further notice •no passenger boats traffic allowed 			
Ireland	<p>Ireland has entered a stringent new phase of restrictions: Stay at home in all circumstances, except in the following situations:</p> <ul style="list-style-type: none"> -to travel to and from work where the work is considered an essential service. -working in an essential shop, bank or post office. to attend medical appointments and collect medicines and other health products for yourself, your family or someone who is vulnerable or 'cocooning' -for vital family reasons including caring for children, elderly or vulnerable people but excluding social family visits -to exercise within 2 kilometres of your house. You cannot exercise with people from outside your household. 	<p>There are a small number of state-aid for businesses, but so far the most significant one is the Temporary COVID-19 Wage Subsidy Scheme. Up to €410 of weekly salary is paid by the State if the Company qualifies for the scheme.</p>	<p>The Irish Marine Federation has undertaken the following actions:</p> <ul style="list-style-type: none"> •Successfully lobbied our Government to ensure that marinas and boatyards are considered 'essential services' and that employees can continue to work. •Keeping its members up-to-date with information on State and local authority financial grants and business support programmes. •Consulting with the national Health Authorities to help to stop the spread of COVID19 through the marine transport network. 	

	<p>Marina and boatyard staff have been classed as essential workers. Marinas, boatyards and Yacht Clubs have closed to all customers/members for a two week period. This includes contractors.</p>		<ul style="list-style-type: none"> •Joined with other European marine industry associations to call on the EU to do more to help our sector. This action is being coordinated and facilitated by the EBI. •Actively planning on how to restart the industry once the travel restrictions are lifted in Ireland and how to encourage boating in a safe and sustainable manner. 	
Italy	<p>Full lockdown for boat manufacturing companies at least until 14 April, when the current Government measures will be over. Repair and maintenance businesses are permitted to continue their activities Marinas are operational but customers are not allowed to access their boats since moving from home to the harbour is considered a non-essential journey.</p> <p>It has been verified that the continuation of the shutdown of the production activities, according to the elaborations of the Research Office of Confindustria Nautica (based on the trend of the 2008 financial crisis) would lead to the loss of more than 5,000 jobs in the sector with a closure that will continue in the first 15 days of April, doubling with a closure until the end of April.</p> <p><u>Phase 2 of the emergency:</u> The Government is currently discussing the actions to take for the second phase of the</p>	<p>Currently the following government financial support is anticipated:</p> <ol style="list-style-type: none"> 1)All the financial loans and leasing contracts have been suspended for 3 months in order to preserve the financial liquidity of the companies 2)The payment of VAT to the state and other taxes, together with the high contributions on the wages of employees have been suspended for 3 months 3)A tax credit has been granted to shops, restaurants (even the ones operating inside marinas) who can prove they had losses caused by Covid-19 situation, by comparing the income from the previous year. The government has suspended concession fees until the end of July. A request has been made to grant the same benefits to marinas 	<p>Confindustria Nautica had a virtual meeting on 8th April with the Undersecretary of the Italian Prime Minister. The MIA presented the Government with a plan for the programmed reopening of the boating manufacturing and supply chain activities of the marine industry, pointing out the seasonality of the majority of our businesses. The plan provides precise indications on the necessary agreement with the trade unions, the voluntary participation of workers, the required healthcare protection, and the appropriate sanitization of the workplace. Confindustria Nautica is continuing to pursue its core</p>	<p>The Governing Board of Confindustria Nautica and Board of Directors of I Saloni Nautici, have declared that, in view of the current circumstances, a plan will be put in motion for extraordinary measures to be adopted for the 2020 edition of the Genoa International Boat Show, which will see the design of a flexible layout that can adapt to</p>

	<p>emergency in Italy, as the latest figures show a reduction of the virus spread. It is likely to have a step by step reopening of the industrial activities from mid-April to May, however maintaining all the needed social distancing measures.</p> <p>The normalization of the social activities – including schools – will certainly be the last step that will be introduced.</p>	<p>The Government has published on 8th April a decree with measures to give immediate liquidity to the industry (€400 billion in State guarantees to support business and exports) Other measures to support the businesses are expected after Easter.</p>	<p>commitment to represent, defend and support the entire industry, working in close contact with the Covid-19 crisis task force created by Confindustria.</p>	<p>the various post-crisis scenarios. It has been decided to postpone the 60th edition of the global trade fair from September to the following month (1st - 6th October).</p>
Israel	<p>Due to the Passover holiday, Israel is in almost full lockdown for 72 hours. People are instructed to stay in their cities.</p> <p>Marinas -will stay open to arrival and departure of vessels - no permit has been issued to close marinas. Foreign citizens aren't allowed to enter - except for special instructions and permission in advance by the Population and Immigration authorities. Israelis will be allowed to enter the state in accordance with the Ministry of Health instructions. Every Israeli entering the country will be required to a 14-day quarantine. Quarantine on sailing vessels is not permitted throughout all marina areas. Checking procedures of sailing vessels will be carried out in a separate pier, the same as it was up until now. Coming in touch with the vessels' body does not require a special protection uniform. Sanitizing vessels is not required. All costs deriving from the treatments of vessels will be carried out by the vessel owner, with in advance notice.</p>	<p>Government supports associations and the agricultural field. No special support for marinas is noted. All costs of repairing boats are on boaters.</p>	<p>The association is conducting discussions around the crisis exit strategy. We are in touch with marina managers and municipal representatives with the purpose of spreading their message to the public. In addition, the association is creating content for the public on social media platforms in order to reach boaters and organizations when sailing season starts. According to publications, Ben Gurion Airport is expected to open its gates late July. Meaning that the sea will have to open its gates beforehand. We are working to examine this possibility with the relevant authorities.</p>	

	<p>Business- Permitted business are supermarkets, groceries, bakeries, food shops, pharmacies, optics stores, animal food stores, household maintenance services, electric shops, communication products and services and medical equipment.</p> <p>Business will operate while maintaining 2 meters of distance from customers. No more than 4 customers per cash register in a store.</p> <p>Work places- Employers must take employees' temperature upon entrance to the workplace. Employees are required to fill out a symptom declaration form to be kept by the employers. Employers should work remotely as much as possible. In a workplace, people are to keep 2 meters from each other, open windows and restrict work to 2 people in the same room.</p> <p>Transportation- When driving in a private vehicle, 2 people are allowed.</p> <p>Upon operating busses, trains, light rail or shuttles, an empty row that separates drivers from passengers is required. One person per bench. Standing passengers need to keep 2 meters from each other. Ventilation and cleaning of the vehicle is required after each ride. In a taxi, one passenger is allowed in the back seat while all vehicle's windows are open.</p> <p>Resident restrictions - When entering public places, wearing a mask that covers the mouth and the nose is required. Gatherings in public places are not allowed.</p>			
--	---	--	--	--

<p>Japan</p>	<p>Japan is not currently on lockdown. Marinas are open without any restrictions. Imported boat dealers will hold the new boat sea trial for potential customers Individually from April.</p> <p>From manufacturers' point, some parts from China have been delayed and companies are looking for alternative suppliers. There is concern about the reduction of volume due to the global demand downturn.</p> <p>"Emergency Declaration" in the metropolitan area is expected to be announced on 7th April.</p>	<p>The Ministry of Health, Labour and Welfare (MHLW), the Ministry of Economy, Trade and Industry (METI), the Consumer Affairs Agency (CAA) and the Ministry of Education, Culture, Sports, Science and Technology (MEXT) jointly produced an easy-to-understand video clip explaining measures for addressing the novel coronavirus disease.</p> <p>MHLW has introduced the employment continuation subsidy. They will support 75-90% of leave compensation from April to June.</p> <p>Aiming to encourage companies to introduce teleworking into their working styles, the Japan Government will collect and convey information on teleworking-related measures and that on activities of companies in the information communication industry for supporting their workers.</p> <p>If an SME is a business in an industry severely affected by the disease and it faces a decline in sales of 5% or more from the previous year, it is eligible to make use of a financing guarantee of 80% of the loan amount under a framework of up to 280 million yen, which is separate from a general financing guarantee.</p>	<p>JMIA has been lobbying Government for support to small enterprises. JMIA informs member companies of Government support measures by the website on a daily basis.</p>	<p>The Japan International Boat Show 2020 in March was cancelled, along with five other local boat shows planned to take place in April and May.</p>
--------------	--	---	--	--

Nether lands	Similar to other European countries schools, universities, nurseries and non-essential business have been closed and people are advised to stay home and not leave unless absolutely necessary.		HISWARECRON has developed a voucher system so the watersport and leisure sector can use a voucher with a value that can be used to book a new accommodation, sailing course or rental period with the company that was compelled to cancel. The scheme was set up in alignment with the Authority for Consumers and Markets (ACM) and the Dutch Ministry of Economic Affairs and Climate (EZK). Scheme conditions can be found here.	
New Zealand	The country is under mandatory lockdown. All residents are required to remain in their homes and stay in the same place for at least the next four weeks. Marinas and boatyards have closed, boat owners and the public are not allowed to travel other than to super markets or medical care facilities, so Marinas and Boat Yards are not to be visited. A small number of marinas have retained some live aboard who are under strict controls. People are permitted to exercise by walking around the immediate area around their home, but a visit to the beach for a swim is not permitted. Marinas are permitted to have a security guard but no other staff on site.			
Poland	On Tuesday 31st March, Poland introduced further restrictions. The penalty for violating	The Polish government has introduced a plan to support entrepreneurs, whose main points are	POLBOAT is in constant contact, not only with members but with the entire industry,	The Wind and Water boat show in Warsaw

	<p>them is a fine up to a maximum of 30,000 zloty (EU6,600). They include:</p> <ul style="list-style-type: none"> •Pedestrians must remain 2 metres apart from one another, even if they are walking together. This includes members of the same family. Exceptions are made for children under 13 or people with disabilities •Shops can only admit 3 customers at the same time for each cash register they have •Outdoor markets and post offices will have similar restrictions on customer numbers •Customers in all shops must wear disposable gloves •Workplaces must separate work stations by at least 1.5 metres and employees must wear gloves •Parks, beaches and various other public recreation spaces are closed •Hotels and other short-term rental accommodation are closed (apart from those for use in quarantine or isolation, or for medical personnel) •Grocery shops and pharmacies to only serve customers over 65 years old between 10 a.m. and 12 p.m. every day •Anyone living with a person under a legal quarantine order must also be quarantined <p>As for the yacht industry, companies are still operating. Producers of boats and yachts see the main problems in the supply of various types of components and equipment. That's why two of the largest Polish shipyards Ostroda Yacht and Delphia Yachts, both being part of the Beneteau Group,</p>	<ul style="list-style-type: none"> • Exemption from social security, health insurance contributions for 3 months, from March to May for enterprises employing up to 9 people and self-employed • coverage by the state of 40% of salaries for employees • loans to employers to help maintain cash flow of companies 	<p>supporting them and helping with production problems such as looking for various suppliers in a situation when existing Partners have suspended their activities.</p> <p>POLBOAT exchanges relevant information and experience on a daily basis.</p> <p>One of the association's goal is to open the marinas as soon as possible to start the season and announce that this year the season is longer, by the end of October, if the weather will be good enough, to reduce the losses of marina operators and charter companies.</p>	<p>scheduled for March 12-15 was cancelled, and the Wind and Water - floating show in Gdynia scheduled for July will most likely be postponed</p>
--	---	---	--	---

	<p>suspended production for several weeks. This is a big problem for hundreds of small suppliers, for whom these shipyards were the main recipients of their products or services. Earlier two shipyards have suspended production - Mirage Boats (Norwegian capital and management) and Viking (aluminum fishing boats mainly for the Scandinavian market).</p>			
Portugal	<p>The President has declared the state of emergency on the 19th of March. This has given the power to the Government to take a number of urgent measures. To complete lock down of the country, most businesses had to close, restaurants can operate on take away only, all big events had to be cancelled. The borders with Spain have been closed to avoid contamination.</p> <p>Marinas and other ports are closed to any boats with foreign flag. They can come in port only for fuel or urgent supplies but the crews are not allowed to come ashore. All boating activities have been forbidden. Almost all commercial activities have been closed in the marinas. Maintenance works are allowed and the marinas are working on reduced schedules, with minimum staff but guaranteeing all services to the boats.</p> <p>Tourism in Portugal is one of the biggest industries, we are being hit in a very hard way and right when the season was starting.</p>	<p>Many financial measures have been published to help the workers and the companies. Most of them trying to avoid unemployment. Many more will follow as we are far from seeing the 'light at the end of the tunnel'.</p>		

Singapore	<p>Not in lockdown but various safe distancing measures have been adopted. Tables & chairs at restaurants & offices are further spaced, queue lines are marked out with tapes 1m apart on the floor. Business are encouraged to work from home where possible (now estimated at 40%). All gatherings and meetings are limited to 10 participants. From 1-Apr, all schools conduct one day of home-based learning a week. All extra-curricular activity in schools are cancelled. The elderly are encouraged to minimise going out. Restaurants can remain open but bars & entertain centres (like cinemas) are closed.</p> <p>Marinas remain open and owners can use their boats, but boat rentals and charters have dried up. Dealers were reporting slow business even before the CV19 outbreak and now it is much worse.</p>	<p>Government assistance for most businesses in our sector is limited. The latest innovation is a contract tracing app you download to the phone and works with Bluetooth.</p>		<p>The Singapore Yacht Show which was planned to take place in March, has been moved to 15-18 October 2020.</p>
Slovenia	<p>Slovenia is in quarantine since the middle of March. Marinas are closed, receptions operate via phone or email only. Restaurants, bars, hotels, schools and a lot of companies are closed as well. Shops remain closed with the exception of food, pharmacies, petrol stations, banks, and post offices. Public transportation has ceased operations. People are not allowed to travel outside their city of residence. Public gatherings are prohibited, except those who are going to work or grocery shopping or being outside with members of the same household but a safe distance from other people.</p>			

	<p>The Marina Master team is continuously monitoring the development of corona virus worldwide. The Marina Master activities and businesses keep running smoothly in these unusual circumstances. Marina Master has complete ability to work from home due to the benefits of the Marina Master CRM.</p> <p>Therefore marina owners, managers and marina staff are working from home and boaters are using myMarina solution which enables them to communicate with marinas and view their boat live (stream camera) from home anytime.</p>			
South Africa	<p>The South African President has announced a nationwide lockdown until the 16th of April. No-one is to leave home unless seeking medical care, buying food or medicine or collecting social grants. All shops and businesses will be closed with the exception of: pharmacies, laboratories, banks, essential financial services, supermarkets, petrol stations, healthcare providers, post offices and companies that produce or transport food, basic goods and medical supplies. The South African Defence Force will be deployed to support police in implementing the lockdown. Public health management programmes will increase and international travellers from high risk countries will not be admitted.</p> <p>The ban on export of non-essential items has been lifted, so South Africa can export boats and masts etc, but each export consignment must be evaluated on a case by case basis.</p>	<p>Government has introduced a Small Business Relief Fund and commercial banks are looking at various relief measures for customers.</p> <p>The Unemployment Insurance Fund has offered R3 500 per employee per month (at today's exchange rate USD195). There is also a Temporary Employment Relief programme offering R17 000 per employee per month (USD947).</p> <p>Some tax relief measures were announced recently and they generally apply to lower income earners and there will be delays on employee tax liabilities.</p>	<p>SABBEX is keeping members informed of developments on a daily basis. A survey of members was conducted to assess the impact of lockdown on staffing and remuneration. SABBEX is actively working with government to address bottlenecks and areas where there is a lack of clarity in government gazettes and marine notices.</p>	<p>At this stage the Cape Town International Boat Show/Boatica in October is still going ahead.</p>

	South Africa lockdown is extended to the 30th of April.			
Spain	<p>On Saturday 4 April, the Spanish government announced that, for the second time, it will request the extension of the national state of alarm until 25 April. It is likely that further extensions will come, albeit perhaps with less restrictive measures depending on the evolution of the pandemic in Spain. The newly proposed extension will not contain the same measures imposed from 30 March to 9 April, which prevented any 'non-essential' activity.</p> <p>The limitations to the freedom of movement are also applicable to yachts and, consequently, pleasure and commercial yacht navigation has been banned. However, entering Spanish ports for refit and repair purposes will be allowed from 10 April on the same terms that it was allowed before the extraordinary measures taken on 30 March.</p> <p>The Guardia Civil has advised that the restrictions to the freedom of movement of people and private vehicles would also be applicable to private yachts sailing in Spanish territorial waters upon arrival of the yacht at the marina, allowing therefore its arrival and mooring with the crew obligated to remain confined following the same measures established for the rest of the population. The criteria states that disembarking may be allowed only in cases of force majeure and always on the condition of the positive evaluation by the Government Delegation.</p>	<p>The government approved on 24 March the launch of credits for 20,000 million to guarantee the liquidity of the companies most affected by Covid-19. Half of that amount will be used to guarantee new loans to SMEs and the self-employed.</p> <p>Paying taxes is delayed. The term of the tax procedures already started will last until April 30, and those that are going to open are extended until May 20.</p>		

	Therefore, the general rule upon arrival is that guests and crew are not allowed to disembark, and must remain on board for the quarantine period (currently until next 25 April included, but likely to be extended), and follow all confinement measures.			
Sweden	Sweden is not on full lockdown, having less regulations on coronavirus restrictions. The country has put a great trust in people's common sense. The majority of Swedish are in self-quarantine at home, working from home, avoiding contacts with the elderly. Gatherings of more than 50 people are forbidden. All sport events and ski resorts have been cancelled Restaurants are still open but theatre and cinemas are closed. Shops have various restrictions in order to prevent coronavirus. Sweboat members are still in business and service/maintenance, aftermarket, equipment retails are performing well but yards and distributors of new boats are losing sales drastically.	There is a full package of support available for SMEs affected by the current situation. Application process seems complicated, so Sweboat is assisting their members with this.	Sweboat has taken the lead in gathering all boating associations together for a Discover Boating activity later this spring - if it is ethically appropriate. It will also contain appropriate messages from our Authorities how to be a responsible boater - if boating is allowed when the summer comes.	
Turkey	All nurseries, schools, universities, shops (except for groceries), bars, restaurants etc are closed since March 13 until further notice. All governmental offices are working with 50% capacity in shifts. Public transport vehicles are to have max 50 % of their capacity to maintain social distance. Marinas are currently not in lockdown, just the cafes, restaurants and hotels within marina. Marinas accept boaters from berthing in other marinas within Turkish waters. All			The Boat Show in Istanbul took place on 21Feb-1 March, but there are gossips that many clients are considering cancellation of orders and problems will arise due to production and

	<p>boats arriving from overseas are diverted to Port Authorities for quarantine measures. Boat Yards and equipment manufacturers are carrying on production, taking extended hygienic measures, some with 50 % capacity to maintain social distance during working and staff coming to work every other day.</p>			<p>transport restrictions in the EU.</p>
<p>UAE</p>	<p>The situation in the UAE (valid in general for Oman, with reference to marinas): Since 26th of March the Emirati government has issued a mandatory lockdown, while it conducts a general sterilization campaign with the aim of controlling the spread of the coronavirus (COVID-19) in the country. The lockdown begins as of 20:00 (local time) up to 06:00 am. Public transportation is suspended during this period. Employees of certain sectors are exempt, including police, the army, medical staff, airports, and banks, among few others. Those who do not respect the lockdown period will face fines. Commercial centers, malls, and open markets are closed now for two weeks, renewable. Restaurants are ordered to exclusively offer take-out services. In addition, all international flights are suspended for different period of times and depending on destinations. Following Government and Ministerial guidelines and measures to ensure health and safety of its residents and visitors, maritime authorities notified all maritime activities companies, yacht charters, jet sky rental to suspend the all maritime activities until further notice. In general boating activity</p>			

	<p>in UAE and Oman is suspended, but the marinas remain open for private boat owners, provided they stay on board and don't go out. Some luxury resort marinas with hotels are busy offering services and owners requests while onboard (deliveries, etc.). In Abu Dhabi although private boating has not been forbidden by government decree, marinas are very quiet as most members respect the government's instructions to stay at home. All commercial activities have been halted within the marinas as per the authority's instructions. All commercial charter, pleasure and touring activity is banned. Fishermen marinas are still active since considered vital activity.</p> <p>In general, marina offices are open as regularly hours, but manned only by administration staff, reduced to a minimum to guarantee safety and security. Marina operational staff remain 24/7, however shifts reduced to minimum safe manning. Each marina adds additional precautionary measures to reduce spread of the Covid-19 virus, such as:</p> <ul style="list-style-type: none">•Introduction of increased cleaning protocols, especially for typical contact areas such as door handles, washroom, buggies, trollies, office area and equipment, etc.•Screening all employee temperatures at point of entry.•Enhancement of internal health & safety training measures•Preventive measures protocol distribution to suppliers and contractors.

	Monitoring the situation on a daily basis and adapt accordingly			
UK	<p>On the 23 March 2020, The UK Government said that everyone should stay at home. This position will be reviewed in 3 weeks from the date imposed.</p> <p>You should only leave the house for very limited purposes:</p> <ul style="list-style-type: none"> •shopping for basic necessities, for example food and medicine, which must be as infrequent as possible. •one form of exercise a day, for example a run, walk, or cycle - alone or with members of your household. •any medical need, including to donate blood, avoid or escape risk of injury or harm, or to provide care or to help a vulnerable person. •travelling for work purposes, but only where you cannot work from home. <p>These reasons are exceptions - even when doing these activities, you should be minimising time spent outside of the home and ensuring you are 2 metres apart from anyone outside of your household.</p> <p>With the exception of the organisations covered by non-essential shops and public spaces, the Government has not required any other businesses to close – indeed it is important for business to carry on.</p> <p>Employers and employees should discuss their working arrangements, and employers should take every possible step to facilitate their employees working from home, including providing suitable IT and equipment to enable remote working.</p>	<p>Businesses that fall within the retail, hospitality and leisure sectors will benefit from a 12-month business rates holiday.</p> <p>The UK Government has also announced a series of grants for UK businesses. Businesses with a rateable value of under £15,000 will be entitled to receive a grant of up to £10,000.</p> <p>For businesses with a rateable value of between £15,000 and £51,000 they will be eligible to receive a grant of up to £25,000. British Marine understands that local authorities will contact eligible businesses directly and so there is no requirement to file an application.</p> <p>The Government has launched a temporary Coronavirus Business Interruption Loan Scheme to help businesses that may require additional financial assistance.</p> <p>The scheme will provide loans of up to £5 million in value. These will be backed by the British Business Bank and delivered through commercial lenders. This scheme is now open for applications and we would encourage businesses to discuss their requirements directly with the banks participating in the scheme, details of which can be found here.</p>	<p>British Marine have produced a dedicated microsite for the industry www.britishmarine.co.uk/coronavirus</p> <p>British Marine have been lobbying Government for additional support for inland hire boat businesses who pay commercial boat licenses. British Marine is lobbying for additional fiscal packages for our larger members in the £45m turnover bracket. These businesses currently do not receive any fiscal package from Government. Without financial support for these businesses who have “furloughed” their staff, the UK Marine supply chain, made up of many SMEs will suffer.</p>	<p>With the Southampton International Boat Show still six months away, British Marine is taking appropriate and proportionate steps based on the situation at this time. As it stands, the Association hopes to have the opportunity to host the 52nd edition of Britain’s biggest and most popular boat show in September 2020 and as such, is planning accordingly.</p>

		<p>The Government is taking additional measures to protect jobs by creating a dedicated Coronavirus Job Retention Scheme. This scheme applies to all UK businesses, regardless of their size. Employers will be able to contact HMRC for a grant to cover most of the wages of staff who are not working but are furloughed and kept on the company's payroll system.</p> <p>This grant from the UK Government will cover 80% of the salary of retained workers up to a total of £2,500 per month. We understand payments will be backdated to 1 March 2020 with the expectation that the scheme will be in place for a period of three months, with the first set of grants being delivered by the end of April. Employees must have been on the company's payroll on 28 February 2020 to qualify.</p>		
US	<p>Some manufacturing plants and dealerships are still open due to state specific rules on "essential services". Local boat ramps and marinas are being closed due to unfortunate incidents of "boat parties" during this crisis. However, marinas in the US are subjected to different regulations in all the 50 states. States are using different criteria to be classified as essential businesses to remain open.</p> <ul style="list-style-type: none"> •Provide critical infrastructure (dockage) to Harbor Masters USCG and other law enforcement. 	<p>The US national government has passed a \$2 trillion funding package aimed at supporting small businesses, distressed industries, unemployed workers and injecting cash directly into American households.</p> <p>On Friday, 3rd April, small businesses and sole proprietorships can apply for the Small Business Administration's Paycheck Protection Program (PPP) – an initiative that was included in the \$2 trillion economic relief bill signed by President Trump last week, which</p>	<p>While NMMA is primarily focused on advocacy at the moment-- securing as much federal aid and support for the marine industry as possible and helping members understand how to obtain government support. NMMA is also looking at humanitarian support. Manufacturing plants are being asked to donate any unneeded personal protective equipment</p>	<p>Most of the US boat shows had already occurred for the year, though NMMA had to cancel two March shows and their major political conference in Washington, DC.</p>

	<ul style="list-style-type: none"> •Support fishing and aquaculture industries including maintenance and repair of vessels •Support employees needed to operate pump out services critical to waste management <p>Massachusetts--- businesses that support essential employees in the fishing and seafood industries</p> <p>New Jersey----Marinas continue to operate as long as they practice social distancing</p> <p>Connecticut---- Marinas are considered essential services</p> <p>Wisconsin---- Continue to operate using social distancing</p> <p>Georgia---Continue to operate using social distancing. No more than five on board and 50 ft between vessels</p> <p>The industry is preparing for a 50% reduction in sales in the coming year.</p>	<p>authorizes nearly \$350 billion in forgivable loans to businesses to pay up to eight weeks of payroll costs, including benefits. Funds can also be used to pay interest on mortgages, rent, and utilities.</p>	<p>(PPE) to local hospitals and consider re-tooling their plants to produce other PPE gear such as ventilators. The more our community can do to help in this medical crisis the better.</p>
