A GUIDE TO NETJETS
THE SMARTEST WAY TO FLY PRIVATE
WHO IS NETJETS?

Beginning as the first private jet charter and management company, NetJets has led the industry for 55+ years. Then in 1986, we revolutionized it with the concept of shared ownership and proceeded to build the largest, most diverse private jet fleet in the world. Today, as a Berkshire Hathaway company, we offer a full range of personalized solutions to meet—and exceed—the incredible needs and high standards of the world’s most notable travelers.
WHEN IS THE BEST TIME TO FLY PRIVATE?
When taking every precaution matters, NetJets will always be the smart advantage. Because flying with NetJets means peace of mind—and that is the ultimate luxury. When you’re ready to travel again, we want to help you rediscover your favorite places—and perhaps introduce some new ones too.

WHERE CAN I TRAVEL WITH NETJETS?
From the busiest travel hubs to the shorter runways in the world’s most exclusive destinations, NetJets will get you there. We fly into and out of 5,000+ airports across 200+ countries and territories, which is more than the top 4 airlines combined.
WHY SHOULD I CHOOSE NETJETS OVER A CHARTER OPTION?

Private jet charter has a decidedly different business model than NetJets. With the average charter company operating a fleet of fewer than 10 aircraft, these small operators rely on a network of brokers and charter aggregators to bring their aircraft to market, creating even less transparency in terms of who operates the aircraft and to what standards. NetJets owns and operates the largest, most diverse fleet of private jets in the world, offering fractional jet ownership, private jet lease, and jet card programs. And we offer consistent standards and reliable access for each and every flight. Learn more >
WHAT TYPE OF AIRCRAFT DOES NETJETS FLY?

Our private aircraft are singular in their design, luxury, and convenience. We offer 11 superior aircraft models in four luxury cabin classes. Light cabin options comprise the Embraer Phenom 300 and Cessna Citation XLS, both designed to land safely at the smallest airports. Our midsize cabin class comprises the Cessna Citation Sovereign and Citation Latitude, both ideal choices for passengers seeking longer-range travel, additional luggage capacity, and more headroom. Our super-midsize class comprises the Bombardier Challenger 350 and Cessna Citation Longitude—aircraft ideal for flights up to 7:45 hours transporting up to nine passengers. Large cabin aircraft in the fleet comprises the Bombardier Challenger 650, Gulfstream G450, and Bombardier Global 5000, 6000, and 7500, which can transport up to 14 passengers for nearly 7,300 statute miles.
WHAT AIRCRAFT TYPE IS BEST FOR ME?
The NetJets fleet was designed with remarkable consistency and comfort, born from years of listening to our Owners and meeting their every need. Utilize our fleet comparison tool to explore the world's finest fleet and find an aircraft that's best suited for your unique travel needs.

IS NETJETS THE RIGHT SOLUTION FOR ME?
With a variety of programs to choose from and the ability to personalize our products, NetJets is the ultimate solution to fit any lifestyle and travel need. Choose one of three ways to fly with us: a NetJets Share™, NetJets Lease™, or NetJets Marquis Card™. Then enjoy the unmatched luxury, convenience, and security that have made us the worldwide leader in private aviation.

WHAT IS THE NETJETS FRACTIONAL MODEL?
Our fractional jet ownership (or shared ownership) provides the immediacy and luxury of whole aircraft ownership without the operational complexities and hidden overhead. Owners purchase a portion, or share, of a specific aircraft. And that share equals a specific number of hours to fly on that aircraft type—with the ability to upgrade or downgrade to any other jet in the fleet. Owners typically purchase shares in 25-hour increments with a minimum of 50 hours. Learn how ownership works >
HOW DO I SCHEDULE MY NETJETS FLIGHT?
Owners can quickly and easily schedule NetJets flights by calling or emailing their dedicated Owner Services Team. Owners may also schedule by logging into the booking tool on the Owner Portal at fly.netjets.com or through the free NetJets mobile app.

HOW MUCH NOTICE IS NEEDED WHEN SCHEDULING MY FLIGHT?
We will get you where you need to be with as little as 4 to 10 hours’ notice (depending on the share size and aircraft type).
WHAT ARE THE SPECIFIC ADVANTAGES TO FLYING WITH NETJETS?

Our commitment to the highest levels of safety, service, and worry-free convenience is unmatched in private aviation. Plus, only NetJets can provide a total focus on your needs. One way we do this is by building special partnerships with like-minded brands in our Owners’ areas of interest. Together, we are able to offer our Owners one-of-a-kind experiences and benefits.

CAN WE FLY WITH OUR PETS?

We make every effort to ensure that pets are as comfortable as possible on every flight, because we know pets are part of the family. We’ve welcomed dogs and cats—even pigs—on board Owner flights. In fact, we flew more than 20,000 pet passengers in 2019.
NetJets Inc. is a Berkshire Hathaway company.

All aircraft offered by NetJets® in the United States for shared sale, lease, or use under the Marquis Jet Card® and other jet card programs are managed and operated by NetJets Aviation, Inc. Executive Jet Management, Inc. provides aircraft management services for customers who have their own aircraft, as well as charter air transportation services using selected aircraft from its managed fleet. Both of these U.S. operating companies are wholly owned subsidiaries of NetJets Inc. The NetJets Europe Program is a joint venture between NetJets Inc. and its partners in Europe. NetJets®, Executive Jet Management®, Marquis Jet Card®, and IntelliJet® are registered service marks. Embraer® and Phenom 300® are registered trademarks of Embraer S.A. Cessna®, Citation®, Citation Latitude®, Citation Longitude®, Sovereign®, and XLS® are registered trademarks of Textron Innovations Inc. Bombardier® and Global 6000®, and Challenger® are registered trademarks of Bombardier, Inc. Gulfstream® and G450® are registered trademarks of Gulfstream Aerospace Corporation. All statistics are accurate as of January 2020.
